

(14) Axis Servo System

**ServoLinear actuators
replace air cylinders**

INDUSTRY Consumer Packaging

LOCATION Macon, GA

APPLICATION

- Comprehensive motion control and mechanical upgrade of existing pneumatic diverter lanes.
- PLC sequencing and precision servo control provide improved product flow.

COMPONENTS

- Qty. (14) ServoLinear RS-50 Series Belt Drive Actuator
- Qty. (14) Omron G-5 Series Drives
- Qty. (3) Omron NJ Series PLC with motion controller
